

Health Professionals Workshop NACE

Nurse
Asthma
Care
Education

Date: September 13, 2010
Time: 10:00 AM - 4:00 PM (1 HOUR FOR LUNCH)
Venue: Carolinas Medical Center, Morehead Medical Plaza Bldg, Classroom #2, 5th floor
Charlotte, NC 28203

Not just another lecture. Join us for an interactive workshop to learn about the medical regimens considered most helpful in keeping asthma symptoms under control as well as communication and educational messages that best enable families to manage asthma at home. Workshop will be interactive and include case studies and other activities.

Register now. Go to our website at www.nrtc-usa.org. Select training/upcoming training programs. Under "Interactive Workshops" click the link "workshop registration form". Download it and follow the directions on the top of the form. For more information contact the National Respiratory Training Center at 757 668.6455 or 757 483.4130.

LEARNING OBJECTIVES

Upon completion of the workshop, students will be able to:

- Discuss key asthma facts related to pathophysiology, symptoms, monitoring and treatment.
- Discuss medical and pharmacological issues of asthma cases.
- Discuss overcoming barriers to getting educational Messages across to diverse patients
- Teach patients to respond to changing conditions by adjusting medications at home.
- Teach behavior communication techniques to use with their asthma patients.

TARGET AUDIENCE

Nurses (, licensed practical/vocational nurses, registered nurses) medical assistants and other health professionals actively involved in the care of patients with asthma. Maximum benefit will be derived if the allied health professionals who attend have physician colleague support for implementing new knowledge in the practice setting. Front office personnel may also benefit from a fuller understanding of asthma.

ACCREDITATION
